FROM NBC 23/5/18

Dear Community Member

**Re: Palm Beach Parking Demand Management Strategy**

As a Palm Beach resident or business owner we are writing to provide an update on the Palm Beach Parking Demand Management Strategy.

At the Council meeting on 28 November, where Council adopted the Palm Beach Parking Demand Management Strategy, it was resolved that the Palm Beach Parking Demand Strategy be reviewed n or by 30 April 2018 to allow all proposed strategies 1 - 12 to be thoroughly assessed once in place. A number of these strategies, relating to changes in parking conditions, have been implemented and we would now like to hear directly from residents, customers and businesses on these changes. This will assist us in monitoring the positive and negative impacts so we can continue to improve the management of parking in the area.

A further change to parking restrictions was approved by the Traffic Committee on Tuesday 5 December 2017:

To implement 4P parking Saturday, Sunday and Public Holidays for all car parking spaces located on the east side of Barrenjoey Road, opposite the north section of Iluka Road.

This change was implemented in December 2017.

We are seeking your feedback on the changes we've made to parking conditions in the Palm Beach area, and ask that you complete a short [survey](#). The survey closes on Sunday 10 June 2018.

We understand that parking is important to all users of the area, however the feedback we are seeking only relates directly to aspects of the Palm Beach Parking Demand Management Strategy which have already been implemented.

We are aware that a number of strategies are still to be implemented and will be working to investigate and deliver many of these over the coming months. As we work through this process we will continue to keep you informed of any further developments relating to the project.

Please share this email and information with your networks so they too can have the opportunity to provide comment on the implemented changes.

We look forward to hearing from you and working together to improve parking in the Palm Beach area.

Yours faithfully

Phillip Devon

Manager, Transport Network

**KEORIDE - NEW APP** "Ride now or later, you can book rides on-demand or pre-schedule them up to one month in advance. We'll do our best to make sure you get your pre-scheduled trip. If there's ever a time when we're experiencing a high demand and can't find you a vehicle, a Keoride team member will get in touch to assist with your travel plans.

"Keoride matches customers with others going in the same direction via a customised and flexible route. Sophisticated technology coordinates your trip, picking you up from your home, and taking you to the closest B-Line bus stop (Mona Vale, Warriewood or Narrabeen) and then when required, you are able to book a reverse trip back home.

Minimal wait-times. On average, a vehicle will come in minutes, and you'll always get an estimate of your pickup ETA before booking. You can also track your vehicle in real-time in the app

If you have any troubles booking a trip, please call the Keoride team on 1800 536 743. Our friendly operators are happy to help.

Of course, you can still book your Keoride by phone or via the website. **Contact Us: 1800 KEO Ride"**
