NORTHERN BEACHES COUNCIL  
TRANSPORT NETWORK TEAM

11 JULY 2023

## SUBMISSION

### **Proposed JOLT Electric vehicle charging location Barrenjoey Road, Palm Beach (outside Pittwater Park South carpark)**

The Palm Beach & Whale Beach Association supports the proposed on street location of the JOLT vehicle charging kiosk on Barrenjoey Rd Palm Beach outside Pittwater Park, diagonally opposite Barrenjoey House.

We support the 'one hour time limit while charging only' for the EV parking bay.

We suggest that further charging bays be located in Governor Phillip Park as this is a very popular day trip location for visitors who have travelled long distances to get there.

Gov Phillip Park (western side) substation

The substation shown above is located in a less well used parking area not far from picnic tables and the Boathouse cafe but is easy to access and visually prominent

We support Council's partnership with JOLT to facilitate the creation of suitable EV charging locations across the Northern Beaches.
